Undergraduate examination results statistics 2011

Notes to statistical tables

1. Changes to 2011 tables

1.1. The 'Examination results statistics' publication has been restructured in order to include new tables and make data easier to find.

1.2. The key changes introduced in 2011 are:

- a. Examination results are presented in four sections: time series, overall university results, results by college, and results by bio-demographic factors.
- b. The bio-demographic tables include a new table, which gives a breakdown by type of school attended prior to entry to Cambridge. The tables giving a further breakdown of ethnicity and disability by year of entry are no longer published.
- c. Classified and unclassified Tripos examination results are presented in separate tables – previously the results for Part III of the Mathematical Tripos, Part II of the Manufacturing Engineering Tripos and Part IIB of the Engineering Tripos were re-coded into classes and included in the main Tripos results tables.
- d. The results presented are for undergraduate-level examinations only: the results for the LL.M. examination are no longer included.
- e. Additional tables are included to give a more comprehensive presentation of results for unclassified examinations.

1.3. Appendix 1 gives a mapping of pre-2011 tables to the new ones and details all the changes that have been made to each individual table.

2. General notes

2.1. The tables are compiled in July and do not reflect any amendments to the results made at a later date.

2.2. All of the tables exclude:

- a. Candidates for all postgraduate-level examinations. The exceptions are integrated masters programmes in: Chemical Engineering (Part IIB: Chemical Engineering Tripos); Engineering (Part IIB: Engineering Tripos); Manufacturing Engineering (Part II: Manufacturing Engineering); Mathematics (Part III: Mathematical Tripos); Natural Sciences (Part III: Biochemistry, Part III: Chemistry, Part III: Experimental and Theoretical Physics, Part III: Geological Sciences, Part III: History and Philosophy of Science, Part III: Materials Science, and Part III: Systems Biology).
- b. Candidates for all undergraduate-level diploma and certificate examinations.

- c. Candidates who took examinations as candidates 'not for honours' (this category is not confined to, but includes all incoming exchange and other visiting students and Cambridge graduates reading Triposes).
- d. Candidates for oral examinations in Modern and Medieval Languages, Asian and Middle Eastern Studies and Oriental Studies.
- e. Candidates for the Mus.B. examination.
- f. Candidates for the examination in Law for European Students.
- g. Candidates who were not classed and were still awaiting a decision from the Applications Committee at the time these tables were produced.

2.3. The heading 'Other results' in all tables includes but does not differentiate between:

- a. Candidates who failed their examinations.
- b. Candidates who have received allowances (deemed to have deserved honours (DDH) or granted an allowance towards the Ordinary degree or have been permitted to take a reduced number of examinations) by the Applications Committee of the Council. Allowances may be granted to candidates who have been ill or who have other extenuating circumstances and have thus been prevented from taking an examination or whose performance has been adversely affected as a consequence.
- c. Candidates for Part II and Part III of Final M.B. examinations who failed any part of these examinations.

2.4. The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class. This explains why in some tables the numbers of candidates under each class division for this Tripos and in the totals are not whole units.

3. Time series tables

3.1. In order to maintain continuity, from 2011 the Honours examinations results are presented in two ways. Table TS_01a corresponds to the old Table 1a and includes unclassified Tripos results. In this table Part III of the Mathematical Tripos, Part II of the Manufacturing Engineering Tripos and Part IIB of the Engineering Tripos are re-coded into classes as follows:

- a. In Part III of the Mathematical Tripos, a pass with distinction or merit has been recoded as Class I, and a pass as Class II division (1).
- b. In Part II of the Manufacturing Engineering Tripos and Part IIB of the Engineering Tripos, a pass with distinction has been re-coded as Class I, a pass with merit as Class II division (1), and a pass as Class II division (2).

From 2011, a new table, Table TS_01b, has been introduced. This table excludes the results of unclassified Tripos examinations so that the total in this table is consistent with that of Table UNI_01, 'Classified Tripos examination results'.

3.2. Up to and including 2010, the Certificate in Advanced Study in Mathematics (Part III of the Mathematical Tripos) was open to both students continuing on from Mathematics Part II as the fourth year of their course, as well as to direct entrants. In 2011 this qualification was replaced by two new qualifications: students who continue to Part III of the Mathematical Tripos as part of an integrated masters programme are now aiming for a Master of Mathematics; whereas direct entrants aim for the postgraduate qualification, Master of Advanced Study. As a result, in 2011 there are fewer candidates for Part III of the Mathematical Tripos. In 2010, for example 140 students were admitted as direct entrants to Part III.

4. University and college tables

4.1 Most of the Preliminary and Tripos examinations are classified, i.e. the names of successful candidates are arranged in three classes, of which the second class can be divided into two divisions or can remain undivided. However, there are a number of Preliminary and Tripos examinations that are unclassified, i.e. the names of successful candidates are arranged in one class and it is noted if a candidate has passed with distinction or merit. From 2011 the results for classified and unclassified Preliminary and Tripos examinations are presented in separate tables. Please see Appendix 2 for a full list of examinations and their type.

4.2. Third-year pre-clinical medical and veterinary students are included under the Tripos examination for which they were entered.

4.3. The following courses are in a state of transition and therefore Tripos results are shown under two headings: 'Asian and Middle Eastern Studies' and 'Oriental Studies', and 'Education' and 'Education Studies'. Tables UNI_05 and UNI_06, which present the results by the general subject area, combine courses in the state of the transition under the headings: 'Asian and Middle Eastern/Oriental Studies' and 'Education/Education Studies'.

4.4. New Hall has been formally renamed as Murray Edwards College in 2010-11 and appears as such in all college tables.

4.5. As LL.M. examination results are excluded from this year's publication, two graduate-only colleges – Clare Hall and Darwin College – do not appear in the tables.

5. Bio-demographic tables

5.1. Ethnicity and disability data are as reported on the basis of the student's self-assessment.

5.2. The order of ethnicity and disability categories is determined by numeric codes used in the annual return of student data to the Higher Education Statistics Agency (HESA).

5.3. In 2010-11 HESA introduced an updated list of disability categories with new numeric codes. As a result the 2010-11 intake students and those students from previous cohorts, who had updated their disability data since October 2010, are

recorded with a new set of categories and codes whilst the rest of the students retain old categories and codes.

Notes:

Candidates who were taking examinations as candidates 'not for honours' and candidates receiving allowances from the Applications Committee of the Council of the Senate were excluded from the 1972 statistics (and thereafter) although they had been included in previous years. Candidates receiving allowances from the Applications Committee have been reintroduced to the table from 2008.

Candidates for the LL.B. Examination were included in 1972 for the first time but the LL.M. Examination was excluded from 1999.

Candidates for the B.Ed. degree were excluded from the statistics for the years 1972–79 inclusive, but, with the introduction of the Education Tripos, are included from 1980.

Candidates who were 'Deemed to have obtained Honours' while studying abroad are excluded from this table.

Notes:

From 2011 candidates for unclassified Triposes (Part III of the Mathematical Tripos, Part II of the Manufacturing Engineering Tripos and Part IIIB of the Engineering Tripos) are excluded from this table. This explains the change in number and percentage of Class I results for Engineering, Manufacturing Engineering and Mathematics subjects in 2011 column.

In previous years' publications the subject area tables have grouped Education Studies and Education Triposes together under the heading 'Education' while keeping other courses in the state of transition separate, e.g. Oriental Studies changing to Asian & Middle Eastern Studies and Social and Political Sciences to Politics, Psychology & Sociology.

In all year categories the table excluded candidates for unclassified Preliminary and other examinations, candidates for Final M.B. and Vet.M.B. examinations and candidates Deemed to have obtained Honours' while studying abroad.

Notes:

* These courses are in a state of transition and therefore Tripos results are shown under two headings: 'Asian and Middle Eastern Studies' and 'Oriental Studies', and 'Education' and 'Education Studies'.

** The last parts of these Triposes (Part III of the Mathematical Tripos, Part II of the Manufacturing Engineering Tripos and Part IIB of the Engineering Tripos) are unclassified and are thus excluded from this table. See Table UNI_07 for the results of these Triposes.

The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class, thus the numbers of candidates in some class categories for this Tripos and in the totals are not whole units.

Third-year pre-clinical medical and veterinary students are included under the Tripos examination for which they were entered.

Notes:

* These courses are in a state of transition and therefore Tripos results are shown under two headings: 'Asian and Middle Eastern Studies' and 'Oriental Studies', and 'Education' and 'Education Studies'.

** The last parts of these Triposes (Part III of the Mathematical Tripos, Part II of the Manufacturing Engineering Tripos and Part IB of the Engineering Tripos) are unclassified and are thus excluded from this table. See Table UNI_08 for the results of these Triposes.

The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class, thus the numbers of candidates in some class categories for this Tripos and in the totals are not whole units.

Third-year pre-clinical medical and veterinary students are included under the Tripos examination for which they were entered.

Notes:

This table includes the results of all classified examinations, i.e. it presents the combined results of all classified Tripos, Preliminary and other examinations. Thus the totals for each class and the overall total in this table are equal to the sum of the corresponding totals in the Tables UNI_01 and UNI_03.

This table excludes candidates for all unclassified examinations and candidates 'Deemed to have obtained Honours' while studying abroad.

The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class, thus the numbers of candidates in some class categories for this Tripos and in the totals are not whole units.

Third-year pre-clinical medical and veterinary students are included under subject area that corresponds to the Tripos examination for which they were entered.

In 2011 there were fewer candidates for Part III of the Mathematical Tripos compared to previous years due to the fact that this examination is now available only for students aiming for a Master in Mathematics qualification as part of an integrated Masters programme whilst direct entry students now aim for a postgraduate Master in Advanced Study.

Notes:

In 2011 there are fewer candidates for Part III of the Mathematical Tripos compared to previous years due to the fact that this examination is now available only for students aiming for a Master in Mathematics qualification as part of an integrated Masters programme whilst direct entry students now aim for a postgraduate Master in Advanced Study.

Notes:

This table presents the results for all classified and unclassified undergraduate examinations.

The numeric codes and descriptions of ethnicity categories are as defined by the Higher Education Statistical Agency (HESA).

'Unclassified Pass' category includes candidates who passed, passed with distinction or passed with merit any of the unclassified examinations, as well as candidates who were 'Deemed to have obtained Honours' while studying abroad.

In order to ensure the data are anonymised, the results of the candidates for Part IA of the Modern and Medieval Languages Tripos have been rounded up, where this would have shown half a class.

Notes:

This table presents the results for all classified and unclassified undergraduate examinations.

The numeric codes and descriptions of disability categories are as defined by the Higher Education Statistical Agency (HESA).

In 2010-11 HESA introduced an updated list of disability categories with new numeric codes. As disability categories are reported on the basis of students' self-assessment, the old categories (02-11) are reported for students who have not updated their disability data since October 2010.

'Unclassified Pass' category includes candidates who passed, passed with distinction or passed with merit any of the unclassified examinations, as well as candidates who were 'Deemed to have obtained Honours' while studying abroad.

In order to ensure the data are anonymised, the results of the candidates for Part IA of the Modern and Medieval Languages Tripos have been rounded up, where this would have shown half a class.

Notes:

This table presents the results for all classified and unclassified undergraduate examinations.

The school categories are as defined by Universities and Colleges Admissions Service (UCAS).

In 2008-9 UCAS changed their method of classifying school types which led to a significant drop in the numbers of students from FE colleges.

'Unclassified Pass' category includes candidates who passed, passed with distinction or passed with merit any of the unclassified examinations, as well as candidates who were 'Deemed to have obtained Honours' while studying abroad.

Appendix 1. Changes to 2011 'Examination results statistics' publication

Pre-2011 tables	2011 tables	Notes on changes in 2011
1a	TS_01a	No changes have been made to this table.
1b	-	Chart has been removed.
2a	UNI_01	Results of the Engineering Tripos Part IIB, Manufacturing Engineering Tripos Part II and Mathematical Tripos Part III have been excluded from the new table as these examinations are not classified. Therefore the totals have decreased in comparison with previous years. The results of these examinations are presented separately in a new Table UNI_07. The sum of totals from Table UNI_01 and Table UNI_07 correspond to the totals of the old Table 2a.
2b	UNI_02	Results of the Engineering Tripos Part IIB, Manufacturing Engineering Tripos Part II and Mathematical Tripos Part III have been excluded from the new table as these examinations are not classified. Therefore the totals have decreased in comparison with previous years. The results of these examinations giving a gender breakdown are presented separately in a new Table UNI_08. The sum of totals from Table UNI_02 and Table UNI_08 correspond to the totals of the old Table 2b.
3a	UNI_03	Results of the LL.M. examination have been excluded from the new table as it is a postgraduate qualification. Therefore the totals have decreased in comparison with previous years.
3b	UNI_04	Results of the LL.M. examination have been excluded from the new table as it is a postgraduate qualification. Therefore the totals have decreased in comparison with previous years.
4a	UNI_05	Results of the Engineering Tripos Part IIB, Manufacturing Engineering Tripos Part II and Mathematical Tripos Part III have been excluded from the new table as these examinations are not classified. Therefore the totals for Engineering, Manufacturing Engineering, and Mathematics as well as overall totals have decreased in comparison with previous years.
4b	UNI_06	Results of the Engineering Tripos Part IIB, Manufacturing Engineering Tripos Part II and Mathematical Tripos Part III have been excluded from the new table as these examinations are not classified. Therefore the totals for Engineering, Manufacturing Engineering, and Mathematics as well as overall totals have decreased in comparison with previous years.
5a	BIO_01	A new column 'Unclassified Honours Pass' has been added to present the results of unclassified Tripos, Preliminary, and other examinations and candidates deemed to have obtained Honours while studying abroad. The 'Other results' category has been modified to include candidates who were not classed due to an insufficient number of papers taken. The ethnicity categories have been ordered in accordance with the numeric codes used by HESA.

Pre-2011 tables	2011 tables	Notes on changes in 2011
5b	-	Table has been removed.
5c	-	Table has been removed.
5d	-	Table has been removed.
5e	-	Table has been removed.
10a	BIO_02	A new column 'Unclassified Honours Pass' has been added to present the results of unclassified Tripos, Preliminary, and other examinations and candidates deemed to have obtained Honours while studying abroad. The 'Other results' category has been modified to include candidates who were not classed due to an insufficient number of papers taken. The disability categories have been ordered in accordance with the numeric codes used by HESA.
10b	-	Table has been removed.
10c	-	Table has been removed.
10d	-	Table has been removed.
10e	-	Table has been removed.
11	UNI_10	'Other results' column has been updated to include candidates for Part II of the Final M.B. Examination who did not pass one of the components of Part II. Previously only the results of candidates who did not pass both components of Part II were included in this column. Therefore the numbers in 'Other results' for Part II and totals have increased in comparison with previous years.
12	UNI_11	Gender breakdown has been added to this table.
6a	COL_01	Results of the Engineering Tripos Part IIB, Manufacturing Engineering Tripos Part II and Mathematical Tripos Part III have been excluded from the new table as these examinations are not classified. Therefore the totals have decreased in comparison with previous years. The results of these examinations are presented separately in a new Table COL_07. The sum of totals from Table COL_01 and Table COL_07 correspond to the totals of the old Table 6a. New Hall has been formally renamed as Murray Edwards College and appears as such in all college tables.
6b	COL_02	Results of the Engineering Tripos Part IIB, Manufacturing Engineering Tripos Part II and Mathematical Tripos Part III have been excluded from the new table as these examinations are not classified. Therefore the totals have decreased in comparison with previous years. The results of these examinations giving a gender breakdown are presented separately in a new Table COL_08. The sum of totals from Table COL_02 and Table COL_08 correspond to the totals of the old Table 6b.
7a	COL_03	Results of the LL.M. examination have been excluded from the new table as it is a postgraduate qualification.

Pre-2011 tables	2011 tables	Notes on changes in 2011
		Therefore the totals have decreased in comparison with previous years.
7b	COL_04	Results of the LL.M. examination have been excluded from the new table as it is a postgraduate qualification. Therefore the totals have decreased in comparison with previous years.
8a	COL_05	Results of the Engineering Tripos Part IIB, Manufacturing Engineering Tripos Part II and Mathematical Tripos Part III have been excluded from the new table as these examinations are not classified. Therefore the overall totals have decreased in comparison with previous years.
8b	COL_06	Results of the Engineering Tripos Part IIB, Manufacturing Engineering Tripos Part II and Mathematical Tripos Part III have been excluded from the new table as these examinations are not classified. Therefore the overall totals have decreased in comparison with previous years.
9a	COL_09	The grade classification has been changed to a two-way distinction between a 'Pass' and 'Other results'. The latter has included both categories B 'insufficient papers to be classified' and C 'not classified' of the old Table 9a. The results for all unclassified Preliminary examinations have been combined and the breakdown by gender has been introduced.
-	TS_01b	New time series table has been introduced to present the results of classified Tripos examinations separately.
-	TS_02	New time series table has been introduced to present the number and percentage of Class I results of all classified examinations.
-	UNI_07	New table has been introduced to present the results of the unclassified Tripos examinations separately.
-	UNI_08	New table has been introduced to present the results of the unclassified Tripos examinations separately.
-	UNI_09	New table has been introduced to match new Table COL_09 (old Table 9a) and present the results of unclassified Preliminary and other examinations at the University level.
-	COL_07	New table has been introduced to present the results of the unclassified Tripos examinations separately.
-	COL_08	New table has been introduced to present the results of the unclassified Tripos examinations separately.
-	COL_10	New table has been introduced to match Table UNI_10 and present the results of Final M.B. and Final Vet. M.B. examinations by college.
-	COL_11	New table has been created to match Table UNI_11 and present the results for students deemed to have obtained Honours while studying abroad at the college level.
-	BIO_03	New table has been created to give the breakdown of all University examination results by school type.
